It's the freshest thinking in hotel bedding yet.

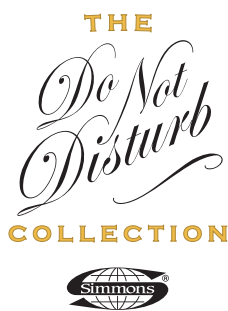

Introducing the HealthSmart™ Bed from Simmons.

It combines all the comfort of a Beautyrest® mattress with a unique removable top. To clean, you simply unzip the top and wash in hot water, detergent and bleach, if you like, to help remove dirt, germs,

bacteria, dust mites, odors and perspiration just like when you clean sheets.*

Think of the savings, too. Instead of needing new bedding every few years because

of soiled tops, you can just replace the tops. There's also a limited warranty for peace of mind – and Pocketed Coil® springs for peaceful sleep. Contact your Simmons representative for more information. You'll never miss a room booking because of a soiled mattress again.
